

Natural

showing concern for environmental impact, this combination of natural colors is all about reusing and reclaiming items to tell their color story.

tips: for Exterior Painting

Sebelum melapisi dinding dengan cat, pastikan Anda menggunakan lapisan dasar (*Decor Alkali Resisting Primer AR-300 Water Base* atau *Decor Alkali Resisting Primer AS-310 Solvent Base*) pada dinding eksterior agar cat lebih sempurna dan tahan lama.

Perimbangan cuaca. Mengecat di musim hujan dapat menyebabkan cat sulit kering sehingga pengerjaan pengecatan menjadi lebih lama.

Country Comfort

Tropical Twist NT 692, Evolution NT 560, Kingdom's Keys NT 580 dan Peach Swirl NT 580 adalah pilihan kombinasi warna yang dapat menciptakan kesan country yang segar dan natural.

Urban Casual

Delicious NT 740, Marselles NT 797, Greybeard NT 799 dan Thunderstorm NT 817 merupakan kombinasi warna yang harmonis dalam menciptakan suasana 'everyday life'.

GREEN LABEL

Singapore green label is the Singapore government's certification of green product. Green label is a time-tested product of health and ecological test. The green label certificate is given to a company that already has a system and ISO certificate 14001 like Propan Raya.

TEFLAR

Teflar fluoropolymer is the third generation, which serves as an anti-film and water repellent. The wall paint formulated with teflar, is as simple as a lotus leaf, which can easily be washed away. With teflar protection, you don't have to worry about your beautiful walls getting dirty easily.

ULOV

Ultra low odor & volatile organic compound technology is a technology from Germany that is used to produce very low odor paint and very low levels of Volatile Organic Compound.

MICROBAN

Is a top brand of microbial technology based in the United States on anti-bacterial and anti-fungal technologies. Formulated paints with Microban can enhance your healthy life pattern and can reduce allergies, headaches, and other symptoms caused by fungi and bacteria.
